

LYMINGTON NEW FOREST HOSPITAL

Fall Back Lines

Fall back lines are to be used for emergency phone calls only and are to be used during major incidents when the black phones are not working. They are identified by a white phone at each location below. These phones are connected to independant lines and do not go through the Lymington Hospital Switchboard therefore the full phone number must be dialled to obtain either external or internal phone numbers. Do not dial '9' for an outside line.

DEPARTMENT	EXT/TEL NO
