

TYPE 2 DIABETES & REMISSION

From research to reality

DATE Wednesday 9 June 2021

TIME 3:30pm - 4:00pm

WHERE: Zoom - register at <https://tinyurl.com/d58pkcsd>

Type 2 diabetes has long been thought of as a long term progressive condition. But does it have to be this way? Through our research funding, Diabetes UK has led the way in exploring the potential of remission from type 2 diabetes. This free, online talk will explore what remission is and what it means for people with type 2 diabetes.
