# MANAGING ADHD

## RESOURCES FOR YOUNG PEOPLE, PARENTS/CARERS AND PROFESSIONALS (CAMHS West)

Some concerns regarding concentration and hyperactivity/impulsivity but with limited impact on daily activities.

Difficulties with concentration, hyperactivity and impulsive behaviours that are having some impact on ability to engage in daily activities and are troubling to the child/young person. Might see some children falling behind with learning at school, avoidance of difficult tasks, irritability, little awareness of safety and relationship difficulties.

Symptoms that are having a significant impact upon a child or young person's ability to engage in daily activities. This may be seen in significant difficulties at home and school in learning, behaviour and relationships. There may be an impact on risk due to impulsivity. Young people might be struggling to regulate their emotions and may be experiencing thoughts of wanting to harm themselves.
