

# Enhancing patient access to online services webinar

Our Training Team will be holding webinars throughout September and October to support practices with the implementation of the enhanced patient access to online services.

The webinars will provide training on the functionality in the clinical systems which can support with managing information in the patient records in preparation for the implementation of enhanced access to online services on the 1<sup>st</sup> November.

The webinars for each Clinical System will be held on the following dates, you can click on the Teams link to join the sessions:
