

Mountbatten Hampshire

Living, dying, remembering.

Early referrals:

We accept early referrals to the service – we see patients thought to be in the last phase of life (3-5 years) with an advanced progressive illness, including old age and frailty, whatever their diagnosis. If you are unsure or have any questions please call us to talk things through on 02382 548860.

How to refer:

All referrals, whether for community or inpatient admissions can be made through our single point of access by calling the Mountbatten Coordination Centre 24/7 on 02382 548860 or completing an online referral form at:

mountbatten-hampshire.org.uk/referral

24/7 care and support:

Mountbatten Coordination Centre.

Our nurses & carers can visit people at home 24/7. The Mountbatten Coordination Centre can be accessed by patients, families, & health & social care professionals to coordinate care and provide 24/7 advice, support, and visits as required. **Call 02382 548860.**
