

## UROLOGY DIRECT (pilot project)

Are you considering sending your patient to ED?

Would you like your patient seen in Urology the same day?

Would you be happy to refer to an advanced nurse practitioner specialising in Urology?

Does your patient have...

A blocked catheter?

Nephrostomy issues?

Retention of urine?

Failed catheterisation?

A paraphimosis?

Testicular pain (over 50s)?

Post urological surgery complications?

Are they....

Over 18, otherwise well

Able to transfer bed to chair without assistance

Able to use waiting room facilities

Able to transport themselves to and from a UHS clinic

Please consider using Urology Direct. This is a new advanced nurse practitioner service running in the urology centre @ UHS.

**Referrals taken via switchboard 02380 777222**

**Or via email [UrologyDirect@uhs.nhs.uk](mailto:UrologyDirect@uhs.nhs.uk)**

**Monday – Friday, 8am-4pm**
