

Polypharmacy Heart Failure Masterclass

Managing heart failure in older people with frailty: Getting the balance right

Wed 26 April 12 - 13:30pm

Do you struggle to know how best to deal with medicines and prescribing in older people with heart failure?

Do you worry that some medicines might be causing harm but that stopping them is difficult?

Join our polypharmacy heart failure in older people masterclass. Hear from a geriatrician, cardiologist, GP and pharmacist about how to get the balance right.
