Wednesday 6th March 2024

Dear Colleagues,

We have great pleasure in introducing ourselves, as representatives of the HIOW ICS Dermatology Transformation Group. We would very much like to keep you abreast of developments to enable improved and more equitable access to Dermatology services across the whole patch.

Attached is a basic outline of the goals of the ICS Dermatology Transformation Project. At this stage, we simply want to keep you informed that this project is underway, and we hope we can ask you for input on various aspects going forward.

We look forward to working together to make this successful.

Very best wishes,

Helen Lotery
Consultant
Dermatologist and
Clinical Lead for
Referral
Transformation in
Dermatology at
UHS

Richard Roope
Primary Care
Cancer Lead,
WCA

Zaid Hirmiz
Interim Clinical
